## Xenia Means "Hospitality"

(HARRY RICE)

Harry Rice, editor of the Xenia Herald, postmaster of the county seat, leading Democrat, writer of note who knows as much of the King's English as any scholar of the present day, says that Xenia, has a Greek origin, meaning "hospitality."

This must be so for last week the city was running over with "hospitality," every one so eager to assist in dispensing it that a great contention has arisen.

Governor Harry Davis, our chief executive, who addressed the banquet of the Greene County Fish and Game Association, numbering 800 persons, evidently left the county feeling that he had great honors bestowed upon him, two rival committees striving to share all the honor in displaying hospitality. There were few around the banquet board that night, that could hardly appreciate the Governor's apology for failing to connect with the regular reception committee instead of the insurgent branch that carried off all the honors in the name of the city.

There has been so much passed about over this event that some pointed questions are being asked. One is as to whether Postmaster Rice, or the Honorable Leopold Steinfeldt, the original Davis man in the days of the pre-prietary campaign, shall have the honor of formally securing the Governor for this state occasion?

Another question that seems to concern many is "Who gave the tip that permitted the insurgent committee to outwit the regulars and thus pilot the Governor and his party to the O. S. & S. O. Home without the knowledge of the arrangement makers?"

It was a great joke that was put over on the regular committee by the Honorable Leopold. Some laugh, some swear, some say the joke was a clever one, but evidently this "hospitality" business is a serious matter with a few who yet nurse sore spots.

It seems that Leopold Steinfeldt who had some claim on Xenia's hospitality, dispensing business was not recognized by the regulars. This self-appointed committee appeared at Wilberforce and there met the Governor and his party. After inspecting the fire ruins and making a friendly call on President Gregg, the Governor was escorted to the O. S. & S. O. Home where a reception was awaiting him. The Governor's party passed through Xenia just as the regular committee was about ready to leave for Wilberforce. So intent was this committee on carrying out its plans in the good name of the city of hospitality, that the Governor's party passed unnoticed.

The regulars proceeded to Wilberforce and after awaiting about an hour some one informed them when asked, that the Governor and his party had been there and gone. The fellows in the party that had donated their "fish and soup" clothes for the occasion, like the Arabs of old, "quietly folded their tents and stole away" on ly to have their wounds healed when the Governor rendered an apology at the banquet table for failure to connect with the "other" committee.

The occasion of the Governor's visit naturally hinged upon things political, regardless of all claims of a non-partisan gathering, and a Democrat for toastmaster. There are those in the county who think they should sit in the Governor's counsel and advise as to who and by whom certain elections should conduct the affairs of state. There are others who do not have the opportunity of offering advice—this you have the situation—an impossible thing for a non-partisan gathering in old Greene.

All this reverts to county politics. On banquet arrangements the "ins" were out in Columbus; the "outs" at the banquet are the "ins in Columbus. There are friends of Capt. Charles Darlington, State Commander of the American Legion, who say "no chance" for the Captain getting about the guest table. Some of Dr. Fees' friends feel that Gov. Davis, who may be a candidate for U. S. Senator against the Dr., should not have been brought into the county on such an occasion. Some others think leading Democrats say a chance to stir things and lend a helping hand. Meantime the zeal question not yet settled is "Who gave the tip that permitted the insurgent committee to share the hospitality stunt at the expense of the others?"

There would be no political trick put over in the county if the name of H. E. Schmidt did not figure in it. Some hold that the old fox turned the cunning trick, yet others say it just happened. For a few days the regular committee centered its fire on "H. E.", who seemed to enjoy the joke. His only explanation is that the joke of the reception is a small matter compared to the slam as he sees it on bringing the Gov. into the county to make an address when Dr. Fees, Greene county's leading citizen is a candidate for honors that the Governor may try for. Just how much feeling was displayed when that statement was made we cannot say.

## "COME RIGHT IN, UNCLE SANTI"

Any how Harry says that Xenia means hospitality in Greek—not the language some of the regular reception committee used last week in giving vent to their feelings.

### FARM AND FIELD NOTES

G. W. Hammond and J. B. Rife received a car of 52 head of Herford hogs Thursday last that weighed about 450. These feeders are from Jones county, Texas and were as fine a lot as we have seen in many years. The calves were right from the big plains where they have been grown until the time of shipment with their mothers. Messrs. Hammond and Rife divided the shipment and will feed them out for baby beefs.

Charles Buck, who recently moved to Plant City, Florida, will hold a public sale on Thursday, January 6, Elmer Beckman, the tenant will have charge of the sale. Bills and cards were put out by this office this week. While the sale was announced last week for the 4th, it was found necessary to change to the 6th to suit the auctioneer. Mr. Beckman states that some of the finest Jersey milkers he ever handled will go in this sale.

Wanted: To rent, a farm in Cedarville township. Call Adam Huff. Citizens Phone 2 on 121 or write Xenia Rfd 2.

Howard Creswell made a shipment of seven head of his Big Type Poland China hogs Monday to Ohio and Pennsylvania points.

The Third Annual sale of the Greene County Big Type Poland China Association sale will be held at Xenia, Feb. 14, 1922. About 50 bred sows will go into the sale.

The way hogs are selling at public sales at present means that farmers have faith in the future markets. Today the hog is the only big money-maker on the farm. We have had several tell us that they are getting a dollar a bushel for their corn through hogs.

The demand for hay continues. There were a lot of farmers that only put enough hay for their own use. If they had it now some ready money could be pocketed.

For Sale: One general purpose horse and a closed buggy. Will sell cheap. Clarence Finney.

The Cincinnati Times-Star has the following to say concerning a freak chicken found in that city. "Among a consignment of chickens received by the Mer-Cam Catering company on Elizabeth street, was a young cockerel with luxuriant tail feathers. When the bird was slain, imagine the surprise of the man engaged in dressing it when the tail feathers seemed to resist his efforts to uproot them. Investigation disclosed that hidden in the long feathers was a fully developed leg. The bird was the extra leg, which it carried like an auto totes a 'spare' tire, is being viewed by many of the curious."

SHORTS AND MIDDINGS  
SAYS DALL: No body knows all

There is to farming unless he knows his neighbors.

Seven Hamilton county dairy farmers, keeping accounts, find it takes \$71 worth of labor a year to support a cow.

Thirty-eight purebred Shorthorn sires, purchased for \$3,000 by associated farmers in Tazewell county Va., in 1917 added \$14,000 to the value of the county's first calf crop thereafter.

"In the farming of tomorrow, the best farm implement will be the brain."—Vivian.

For Sale: Pure bred Guernsey Oliver Joke.

To purchase a wagon, a gang plow, a corn binder and a grain binder at Springfield, O. in 1913 took 713 bushels of corn. It would now require sale of 2,027 bushels of corn to make such purchase.

Hon. George M. Wilbur of Marysville, well known to farm journal readers and sheep breeders, received a telegram from Andrew S. Wing of New York, editor of the Farm and Fireside, requesting him to send in a telegram telling how the operator of the one-man farm in Union county made money the past year. Mr. Wilbur concluded "there isn't any such animal." He sent in a reply to the effect that if Barnum was living he would have on exhibition any farmer in Union county or Ohio who made money the past year, and would exhibit him as the greatest living curiosity.

According to an exchange, the Oak Grove Poultry Farm of J. B. Smith at South Solon will soon take rank as one of the largest in the state. Mr. Smith already has his order in for 20,000 baby chicks for March and April and has 1,000 laying hens at the present time.

Last week cleared up three of our feed lots. Vernie Nagley sold two loads of his fat cattle to A. E. Wildman and Edwin Mattinson sold several to the same party, which were bred and raised on the Mattinson farm. Fred Brown sold a couple of loads to Moxie Green of London. These cattle weighed around 1800 pounds and gained almost 400 pounds since they were purchased in Chicago last summer. They were bought through Paul Shinn. —South Charleston Sentinel.

One of the largest shipments of western lambs ever received in one shipment, was unloaded at the Mechanicsburg stock yards this week. The lambs came on a special train of twenty-six cars. These lambs were bought by Moody & Saxby for feeders, and all came from Western Texas. The lambs were taken out at Delmar: F. M. Clemens & Son, 1050; Clemens & Dorsey, 350; H. M. Fudger, 350; J. W. Davis, 350; B. H. Moody, 350; Edward Hackett, 700; William Hackett, 1,000. This makes sixty-cars of feeding stock. Moody & Saxby have shipped in since fall. —Madison County Press.

HUNTERS WILL LOSE  
ONE DAY THIS YEAR.

Attorney General Price has ruled that rabbits cannot be shot on Monday, January 2, owing to the fact that the last day of the season falls on Sunday, December 31st will be the last day for hunting rabbits.

### WE MAY HAVE NEW GAS FILLING STATION HERE

If all reports are true we are to have a new gasoline filling station on Xenia avenue. It is reported that the Wolford property, known to other citizens as the Lear property, has been sold to a representative of the Standard Oil Company. The lot was surveyed last week and as the report goes, possession is not to be given until after the first of the year. The property is presently occupied by Mrs. Jeanette Eckridge in one apartment and Charles Baum in the other. If the company takes over the property it will likely be sold and a modern filling station can be erected. The company will get about 35 feet frontage.

The Standard Oil Company has been out in the cold here for the past year, as the service and quality of goods sold by the Columbus Oil Co. has made it impossible for the Standard to even have a retailer for its products. While the Standard is recognized as being strong the world over it can be said that the Columbus Oil Co. after entering this field, forced the old company out entirely.

If all reports are true the Standard has made a determined effort to get a good location having tried to purchase at least a half dozen different properties before making the bargain for the Wolford property. It is said that a pipe line will be laid thru an alley at the rear that leads to the railroad and that tank cars will be unloaded in this way, thus doing away with hauling the gasoline and oil. Large tanks will be sunk in the ground on the Wolford lot that will afford great storage capacity.

Garages can no longer sell DENATURED ALCOHOL

Garages, filling stations and hardware stores, may no longer sell denatured alcohol used for auto radiators as an anti-freezing solution. The state board of pharmacy had the legislature and under the provisions of this act, denatured alcohol can be sold by druggists only. There is a penalty ranging from \$50 to \$200 for violations. As we understand it only druggists can sell this brand of alcohol after the first of the year. No provision is made for other dealers disposing of stocks on hand.

Retail milk prices at Bucyrus were reduced to 10 cents a quart. Hazel Legron, 8, was killed and her mother, Mrs. Cyrus Legron, was hurt when an automobile crashed into a group of pedestrians near Tiffin.

## Anderson Post Is Organized

Ex-service men of this township organized an American Legion Post here last Thursday evening at a meeting held in the Township Clerk's office and will start with about twenty members.

The post is named in honor of Wallace C. Anderson, of this place, who enlisted in the navy and was killed in an explosion of a U. S. ship off the coast of Florida, near Key West.

The officers selected and those who will be installed upon the complete formation of the post are as follows: Hugh Turnbull, post commander; Paul McFarland, vice commander; John J. Wright, adjutant and Warren Barber, finance officer.

The post will arrange for headquarters and the officers will be installed as soon as the charter is received.

At some time in the near future a public meeting will be held at which the State Commander Charles Jarlington, of Xenia, will speak.

The organization of the local post was largely through the efforts of John Wright and Paul McFarland, called the meeting.

### SOLDIER BONUS COMES IN FEBRUARY

It was announced Monday by the State Board of Sinking Fund Commissioners, in charge of administration of the soldier's bonus, that it is hoped to sell the first batch of bonds during the holidays and to make the first payment to ex-service men by February 1. It has been decided definitely to make the first issue \$20,000,000 and to set the rate of interest at 3-4 per cent. Bids probably will be advertised for this week and the form of the official application blank is to be approved at once. The plan is to have the state retire \$2,000,000 of its bonds and pay off the twenty million within the next ten years.

### TO BE A KID-AGAIN.

Often we have heard men express the wish that they might be kids again. We confess that this wish very often possesses us—especially, about this time of the year, when the windows of the stores flash out their tempting displays of Christmas wares, the little things that go to make Christmas for the youngsters.

What would you, elderly readers, give to be a youngster for the next week or so?

Wouldn't it be glorious to be looking forward to the big day, just as you looked forward and counted the hours, many, many years ago? Wouldn't you scream with happiness if you could hang your little stocking by the fireplace or behind the big stove with the wonderful anticipation of childhood? Can't you see yourself, on that happy morning, after a night when you thought you couldn't ever go to sleep, running down the stairs in your nightie, unmindful of the cold steps, eager for the miracle of the unopened packages? And how you disliked to leave the bright, new toys to go and dress?

But, there we go dreaming dreams, again. What's the use?

Lots of use—if you just think so. Don't you know of some poor little boy or girl, whose father is unemployed, or whose mother is— or some boy or girl who may be missed by Santa Claus in the mad rush on Christmas Eve? Seek him out and see that he gets something—it won't require much—something—that will make him happy. Deny yourself, if necessary, the luxury of a few cigars during the day, and you'll be repaid an hundredfold. Think of his disappointment when he finds his empty stocking. Go back and think of yourself in similar circumstances. Let him find his stocking bulging—a joy-filled stocking.

### MONEY PHILOSOPHY

A gentleman writing to the paper says that "if people would think a little more and talk a little less, work a little more and kick a little less, it might be possible for them to feel that this is the best of all possible worlds." Well, perhaps the gentleman is right. But he's not practical. Human American enjoy kicking. They feel better after enjoying a spell of kicking. Feeling better, they work better. Kicking is an inalienable right of every free American; the man who never kicks at all, is no American. Let 'em kick, brother! But we do wish there was a little more downright thinking, inside the skull.

### TAKE PRECAUTION.

The warm damp days, and we have many of them so far this winter, have been fine for colds and the gripp. Diphtheria has been prevalent in many cities and according to state reports more of this disease exists than has been known in the state for many years. Children that have croup are easy victims of diphtheria. The state board of health has issued a warning against diphtheria and people are cautioned to exercise great care with colds. The public schools are great disseminating places for colds as well as other diseases easily contracted. It is no fault of the school authorities that such is the case, yet the modern building with proper ventilation over comes the spread of many germ diseases. Parents should use more care in looking after children with colds.

### FOR THE FAMILY.

You may have seen the family group that The Youth's Companion has chosen for its symbol. It appears on all Companion stationery and on all Companion advertising matter. It typifies the idea that the Companion stands for—the solidarity of the family. In its stories, in its articles, in its contents generally, The Companion speaks to the family, animated by the spirit that draws parents and children together round a common hearthstone, shares in the same duties, the same joys, the same aspirations. New subscribers for 1922 will receive:

1. The Youth's Companion—52 issues in 1922.
2. All remaining weekly 1921 issues.
3. The Companion Home Calendar for 1922.
4. All for \$2.50.
5. Or include McCall's Magazine the monthly authority on fashions. Both publications only \$3.00.

## When Is A Battery Old?

SOME MEN ARE YOUNG AT EIGHTY—OTHERS ARE OLD AT FORTY

It is about the same way with the batteries. Their usefulness depends on the care they have had, the amount of work they have had to do; how they have been used; and most important of all on the original quality of the battery. There are many good reasons back of the decisions of the manufacturers of 173 cars and trucks to use WILLARD RUBBER BATTERIES.

### LESSON FOR DECEMBER 25 CHRISTMAS LESSON—THE VISIT OF THE WISE MEN.

LESSON TEXT—Matt. 2:1-12.  
GOLDEN TEXT—And when they had  
opened their treasures they presented  
unto him gifts: gold and frankincense  
and myrrh—Matt. 2:11.  
PRIMARY TOPIC—Wise Men Visit the  
Baby Jesus.  
JUNIOR TOPIC—The Wise Men and  
the Star.  
INTERMEDIATE AND SENIOR TOPIC—  
The First Christmas.  
YOUNG PEOPLE AND ADULT TOPIC—  
The Most Joyous Day in the Year.

1. The King Earnestly Sought (vv. 1, 2).  
These Wise Men who sought Jesus  
were either Arabian or Persian as-  
tronomers—students of the stars. The  
appearance of an unusual star at-  
tracted their attention. Perhaps  
they were acquainted with the famous  
prophecy of Balaam (Num. 24:17).  
Doubtless through the influence of the  
Jews who remained in Chaldea, or the  
direct influence of Daniel extending  
to this time, they had become ac-  
quainted with the hope of a Messiah.  
The light they had was dim, but they  
lived up to the best they had. To  
those who act upon the best light  
they have, God always gives more.  
To those who refuse to act upon the  
knowledge given, God not only re-  
fuses to give more, but brings into  
confusion that which they already  
possess (Matt. 23:28). These men  
were really wise. Let us learn from  
them:

I. That all true wisdom leads to  
the Savior, for He is the Logos—the  
fulness of wisdom.

2. That God's Word shall not return  
unto him void (Isa. 55:11). The seeds  
cast upon the waters of the East  
brought forth fruit after many days.  
No work done for the Lord eventually  
fails.

3. The grace of God calls men from  
unexpected quarters. Some who have  
the least opportunities give the great-  
est honors to Christ; while others,  
blessed with the richest opportunities,  
shut Him out.

II. Herod Seeking to Kill the King  
(vv. 3-8).

The news brought by the Wise Men  
struck terror to Herod's heart. He  
was not alone in this, for all Jerusalem  
was troubled with him. The news  
ought to have brought joy. A glimpse  
at the social customs in and about  
Jerusalem at that day will enable us  
to understand why this news brought  
meanness to the people. They were  
living in the greatest luxury. Fine  
dresses, sumptuous feasts, fine houses,  
etc., led to gross immoralities. They  
did not want a Savior who would  
save them from their sins—they  
wanted to continue in them. Herod  
demanded of the priests and scribes  
information as to where Christ should  
be born. They soon were able to tell  
him. These people had a technical  
knowledge of the Scriptures, but had  
no heart for the Savior set forth  
therein. They had no disposition to  
seek Him. This all occurred in Jeru-  
salem, the city of the King—the place  
of all places where He should have  
been welcomed. It seems where the  
greatest privileges are, there is the  
greatest indifference shown as to  
spiritual matters.

III. The King Found (vv. 9-12).

The Wise Men having obtained the de-  
sired information, started immediately  
to find the King. As soon as they left  
the city, the star which had guided  
them from the East appeared again to  
lead them on. Not that it had dis-  
appeared from the sky, but the  
dwellings of the city, no doubt, shut  
out the sight of it. Orientates out  
spiritual vision is obscured or hidden  
by the things of this world. The star  
guided them to the place where the  
Christ was. Those who earnestly  
seek Jesus shall find Him, though all  
hell oppose. When they found Him  
they worshiped Him. In this they  
displayed true faith. They did not  
see any miracles, only a babe, yet  
they worshiped Him as King. "Blessed  
are they that have not seen, and yet  
have believed" (John 20:29). Note  
God's overruling providence in all  
this. Many hundred years before, the  
prophet said that Christ should come  
from Bethlehem (Micah 5:2). God so  
ordered affairs that Mary should be  
brought to that city to give birth to  
Christ. God so ordered that these  
men should depart another way, there-  
by defeating Herod's wicked purpose.  
The Lord put gifts into the hands of  
Joseph and Mary before going to  
Egypt. Doubtless this served a good  
purpose in meeting their expenses dur-  
ing their stay there. Truly "All things  
work together for good to them that  
love God." (Rom. 8:28).

Dedicating the Wall of Jerusalem.  
At the dedication of the wall of  
Jerusalem they sought the Levites out  
of all their places, to bring them to  
Jerusalem to keep the dedication with  
gladness, both with thanksgiving and  
with singing, with cymbals, psalteries,  
and with harps.—Nehemiah 12:27.

They Rebel Against the Lord.  
Neither say they in their heart, Let  
us now fear the Lord our God, that  
gaveh rain in his season; he reserveth  
unto us the appointed weeks of the  
harvest.—Jeremiah 17:24.

Recover Sanity on Deathbed.  
Persons who have been deemed hope-  
lessly insane have been known to re-  
gain complete sanity in their last  
hours of life. One man who had been  
a maniac for years, confined in an asy-  
lum, expressed on his deathbed the  
most touching regrets for having so  
long left his mother alone and unpro-  
tected. A woman recovered from a  
profound melancholia, so that she was  
able to arrange her affairs and bid her  
friends farewell with the greatest san-  
guinity.—Buffalo Express.

Yes—the price has a lot to do with it  
even at Christmas time!

The people who buy Christmas gifts are divided into two classes  
—99 Per Cent on the side Value and 1 Per Cent on the verge of  
extravagance.

A really fine gift for men and boys can be economically purchased.  
The most important gift on your list can be made a masterpiece  
of value—and you don't have to sacrifice the refinement or gusto  
to effect this!

A trip to THE CRITERION this week is all that is necessary  
and the visit itself—even tho' you do not purchase is one that  
you will much enjoy.

Sports in Old English Park.  
Evelyn and Peppy mount the horse  
and foot races that frequently took  
place in Hyde park. Peppy records  
how he went with "Mr. Moore and Mr.  
Creed to Hyde park, by coach, and  
saw a fine foot race three times round  
the park, between an Irishman and  
Crow, that was once my Lord Clay-  
pole's footman." This was followed  
by a horse race, and in the interval  
the humble spectators partook of "milk  
of a red cow," and the quality slipped  
slightly with sack in it. The ladies  
wagered scarlet stockings and Spanish  
scented gloves on their favorite steeds.

Improvement, Always Mutual.  
No improvement that takes place in  
either of the sexes, can be confined  
to itself; each is a universal mirror  
to each; and the respective refine-  
ment of the one will be in reciprocal  
proportion to the polish of the other.

### SOLDIER'S SACRIFICE WINS RANCH HOME

Happy in the performance of a  
great sacrifice for his A. E. F. buddy,  
Harry W. Halsey, recently released  
from the Federal prison at Leaven-  
worth, is at home on the ranch of  
Col. R. F. Dickerson near Spring-  
field, Mo. Halsey served a prison term  
for his buddy who saved his life in  
France. Penniless and without a job  
after release from prison, he was  
"adopted" by Dickerson.

### THE CEDARVILLE BAKERY

BASKET BALL.  
The basket ball season opened for  
Cedarville Hi Friday night. Although  
they had a slightly late start the  
team put across two decisive victo-  
ries over Osborn who played their  
first game three weeks ago.

The Girls line-up:

Cedarville: Osborn  
Andrews, Alexander, Shaffer,  
Wilson, Center, Semler,  
Ritenour, RG, Semler,  
Soltz, G, Hamilton,  
Bliff (c), G, Binghamman.  
McMillan scored 15 points and An-  
drews 4 points; Alexander (Os) 1  
field goal; total 19-2. Osborn made  
their only goal in the last two min-  
utes, saving them from a shut-out.  
The following substitutions were  
made: St. John for Ritenour, Hast-  
ings for Andrews, Hughes for Wil-  
son, Strobridge for Sem and Peters  
for Bliff. Osborn: Bonham for Ham-  
ilton; Barringer for Shaffer and Brun-  
ly for Barringer. Referee, White.  
Umpire, Calvert.

The cheering had subsided only a  
moment when the gym was again fil-  
led with a constant rhythm of "Pop"  
as the boys warmed up for their con-  
test. The line-up was:

Cedarville: Osborn  
Smith (c), F, Campbell,  
Bates, F, Barringer,  
Junkat, C, Semler,  
Johnson, C, Semler,  
Townley, G, DeHaven.

The game started like a run away  
in favor of Cedarville. Osborn scored  
only a few foul goals. But on the  
second half interest was lost and Os-  
born began to score. This was due  
possibly to the fact that Johnson had  
never played before and Junkat's first  
time to play through. Smith made  
3 field goals and 7 fouls; Bates 1 goal  
Junkat, 6; and Townley 1 for Cedar-  
ville. Kauffman scored 4 field goals  
and 9 fouls, and Campbell scored 1  
field goal for Osborn. Total 29-19.  
Substitutions for Cedarville: Lit-  
tle for Johnson; Webster for Junkat;  
Weimer for Bates; Osborn: Crane  
for Campbell, and Campbell for  
Crane. Referee--Calvert.

Tonight the boys will meet South  
Charleston Hi and the girls a Cedar-  
ville Hi Alumni team. Show the  
teams that your backing them. Come  
and cheer them along.

### MARION BRIDGMAN DIES SUDDENLY OF HEART TROUBLE

Marion Bridgman, aged 63, one of  
our well known citizens died very sud-  
denly Tuesday morning about 9:30 of  
acute heart trouble.

While Mr. Bridgman was known to  
have trouble at times with his heart,  
yet nothing was regarded serious. In  
the morning he arose as usual and af-  
ter eating a hearty breakfast, went to  
the barn to look after the automobile.  
He had started to pump up the tires  
and had completed three of them  
when he felt sick. He went to the  
house and was given aid. He did not  
improve and Dr. Marsh was called  
and administered aid but death place  
shortly after.

Mr. Bridgman came from Beaver-  
town, O., and has been a resident of  
this place many years. On March 22,  
1882 he was married to Miss Anna  
D. Eagle and two were born two  
sons and two daughters. Those  
who survive him beside the widow are  
Mrs. Charles Tindall, Orville and  
Chalmers Bridgman, and two grand-  
children all of Xenia. One brother,  
Charles of Beavertown, two sisters,  
Mrs. Laura Shutz, Xenia and Mrs.  
Mary Ewry, of this place also sur-  
vive.

The funeral will be held from the  
M. E. church at 10:30 and services  
will again be held at Beavertown at  
2:00. Rev. Busler-Javing charge of  
each service. The deceased had long  
been a member of the M. E. church.

For the past three years he has  
been watchman at the Pennsylvania  
crossing on Main street where he was  
always found faithfully performing his  
duty.

### THE CHRISTMAS RUSH.

In all of the year I am certain  
There's never a season so fine  
As the wonderful days of the Yuletide  
In your busy life, or in mine.

And have you e'er thought of the  
reason

This fact is so royally true?  
Ah! it is because when it's Christmas  
Love triumphs for me and for you!

For then no one's spirit is selfish,  
But others his greatest care are,  
And all men are sisters and brothers  
When guided by Bethlehem's Star.

So, tho' we are worried and hurried  
Now that the glad Yuletide is near,  
Yet who would want Christmas day  
missing  
From out of the dates of the year?  
—Lida Keck Wiggins.

### REAL PLEASURE.

Another Christmas is near at hand.  
The old folks as well as the little  
ones, are looking forward to a visit  
from Santa Claus, and the world is  
full of the Christmas spirit and good  
cheer.

While those who have plenty this  
year are enjoying the good things of  
life and while the parents are seated  
around the cheerful fireside watch-  
ing their loved ones enjoy the many  
things brought them by the good old  
Saint, they should not forget those  
who have been less fortunate and  
should see to it that there shall be  
no empty stockings in Cedarville this  
year, and that every child's heart is  
made glad at this joyful Christmas-  
tide.

The greatest blessing in this world  
is doing something to make another  
happy. You get more real pleasure  
out of life by doing some little thing  
to make glad the heart of your fel-  
lowman than you do by being selfish;  
and the greatest pleasure in life is  
to see the glad smile on the face of  
the little ones after a visit from San-  
ta Claus.

So let's do all we can this Christ-  
mas to make glad the hearts of all  
the little ones, and see to it that on  
Christmas morning the little stock-  
ings are full.

Ladies! You can find all  
the leading brands of Cigars  
in Christmas boxes here at the  
lowest prices.

## HIGH SCHOOL NOTES

Don't forget the Christmas entertainment at the school house tonight. The "Ragglees" will be there and "Carol" and "Uncle Jack" all the school's Christmas Carol will be there. Christmas recitations and songs a plenty. Admission 15c. Come and bring the children.

Friday night is another basket ball game. Cedarville Hi. Boys will play South Charleston Hi. Cedarville Hi. Girls will play the "Farmettes", a collection of High School Alumni. These two games promise an interesting evening. Admission 15c to all. Advertise it. Come boost the teams.

Last Friday night the Hi teams cleaned up a double victory by defeating Osborn. The girls showed exceptional good work by not allowing Osborn to score until near the end of the game. The tally was 19-2. The boys also established a clean record by defeating Osborn boys 29-19. But although the first game was a victory neither the Coach nor the team was satisfied with the conduct Friday night and a stiff practice is being gone through this week to insure the defeat of South Charleston on the coming Friday night.

The next scheduled is with Jamestown. It will be played at Jamestown on the night of January 6. The week after Cedarville will meet Beaver here in a double header scrimmage. These games promise excitement and hard work.

## NEVER-YTHING

There are two kittens in High School. Naturally they think a lot of each other. On that trip to Selma there must have been a lot of "Meows". Oh, no, the fur didn't fly till the next day.

Gib called Miss Somers "Ma" by mistake. She must have been "making eyes at him" to cause such a slip.

A mysterious thief appears at school. Floyd loses his pants and Ira goes home with only one sock. Next thing there will be a riot call for barrels.

There's a lot of sweet things down in Domestic Science room. Oh, no, don't misunderstand us. We mean candy.

The question now up is, "Will Miss Burroughs get her first place?"

Miss Patton's sedan will evidently hold as many as have the nerve to risk it. "Woe be unto those whose lot it is to get on the bottom layer."

From what we hear, the Library is fast changing from a reading room to a battle ground.

Christmas presents are showing up early this year. "Fuzzy" Smith is sporting a new bow tie.

## ANTI SALOON WORKER FIRED BY GOVERNOR

Rev. MacAyeal, head of the State Welfare Department has filed charges against Rev. Rutledge, head of the pardon board alleging several charges to the governor. One was that the former Anti Saloon League worker held another job at \$1500 a year and was not giving his entire time to the state. The Rev. was also charged with using his ministerial pass to get railroad mileage at half fare and then charge the state full fare. Another was that pardon cases were being heard through the newspapers and not the board.

Rev. Rutledge states that he is not guilty of padding his expense account but Rev. MacAyeal says that the records speak for themselves. As to the other charges he says that he has refused to heed pleadings for pardons by politicians.

On recommendation Gov. Davis has removed Rev. Rutledge from his office. Rev. Rutledge has spoken here on more than one occasion in the interest of the Anti Saloon League.

## SOFT DRINK DEALERS MUST BE REGISTERED.

Collector of Internal Revenue O. M. Dean of this district, calls attention to the fact that under the new revenue every manufacturer of soft drink beverage, unadorned fruit juice or imitation thereof, still drinks, natural or artificial mineral waters or table waters, fruitad of fountain syrups, carbonic gas used or sold for use in the production of carbonated beverages, manufacturers of carbonated beverages made by the use of finished or fountain syrups manufactured by such manufacturers, and every person who conducts a soda fountain, ice cream parlor, or other similar place of business, such as the drug stores, who manufacture any syrups used in the preparation of soft drinks, are required to make application to the collector on or before January 1, 1932, or within ten days after commencing business.

Under proper application being made, Collector Dean will issue to each person, firm or corporation a certificate of registry. All persons liable to registration and who fails to register or keep posted any certificate of registry in accordance with the regulations are subject to a penalty of not more than \$1,000 for each offense. Blanks can be had at the collector's office in Cincinnati.

## STOCK SALE CAMPAIGN.

The W. L. Clemans Land Co. and The Abel Magnesia Magnesite Co. have opened offices on the first floor of the Exchange Bank building in rooms that Mr. Clemans has taken over. The two companies will put on a stock selling campaign in the two local centers.

The W. L. Clemans Land Company is one of our older companies and one that has proven a good paying investment for the few stockholders. The stock has paid dividends from 10 to 25 per cent and is incorporated to buy and sell real estate. It is the purpose of the company to expand so that they can take over some good propositions they have in view.

The Abel Magnesite Company still has some stock to sell before the new plant can be built and put in operation. The company now is receiving inquiries from users of magnesite, one from a company that can use 500 tons during the coming year. This would be one-third of the entire capacity of the plant to be erected.

## A National Demonstration for the Relief of Women

Mr. H. H. Tice, of the Emerson Engineers, making time and motion studies on the preparation of meals. Note two stop watches, one to record the time of each individual operation, the other the total time of getting the meal. The operator wears a pedometer to register any steps she took.

## FREE

A book, "Scientific Studies of Kitchen Work," giving the tests, that proved the Napanee's world's record time and step saving value. These tests were made under direction of Mr. Harrington Emerson, foremost member of the Committee on Elimination of Waste in Industry, organized by Mr. Herbert Hoover. The book is free.

## 2,113 Daily Steps in Your Kitchen—1,592 Can be Saved with a Napanee Dutch Kitchenet

For the first time we know what exhausting effort you housewives spend in the kitchen every day! And at last we know definitely HOW MUCH of it can be saved!

A national demonstration is now on to tell women these vital facts. These supremely important discoveries are the results of scientific time and motion studies on the use of the Napanee Dutch Kitchenet in the preparation of meals. The tests were made under the direction of Mr. Harrington Emerson, the most famous living Efficiency Engineer.

Thousands were spent on the preparation of meals under scientific observation. Two famous domestic scientists were consultants. Stop watches recorded the time of each individual operation in preparing countless dishes. Pedometers registered every step taken.

## The Napanee Saved 734 Steps on This Dinner

Pot Roast and Gravy Mashed Potatoes String Beans Salad Hot Biscuit Apple Pie Tea

In getting this simple dinner without a Napanee, 996 wearisome steps were taken. The same operators in the same kitchen prepared the same meal with a Napanee, with only 262 steps. 734 fatiguing steps were saved! And they saved 10 per cent of time. Weary women everywhere will know what such saving means!

## Stop the Kitchen Treadmill

Mr. Emerson's scientific experiments proved the useless drudgery and terrible burden of fatigue that women suffer.

They proved the Napanee would save 349 steps on a simple breakfast alone! That it saved 509 steps on the preparation of lunch—and 15 per cent of time! That it saved the amazing total of 1,592 steps on the three meals! That it cut the endless steps women take in the kitchen to ONE-QUARTER.

Such amazing savings are a godsend to all women. They are due to the more scientific design and the new and greater features of the Napanee. Let us show you these remarkable superlatives.

Women all over America are now learning their astonishing value. They are learning that no woman can afford to be without a Napanee. Come in now while the national demonstration is in progress.

## A Statement by Mr. Harrington Emerson

It is clear from our scientific studies that the striking savings of the Napanee Dutch Kitchenet are along three distinct lines:

- 1—Saving of effort, fatigue elimination
- 2—Saving of time
- 3—Standardization of work

The saving of energy, shown by the large reduction in the number of steps, is very striking. By accurate quantitative measurement, three-quarters of this physical exertion is saved. It is reduced to one-quarter.
